

Scalable Underapproximation for Stochastic Reach-Avoid Problem for High-Dimensional LTI Systems using Fourier Transforms

Submitted by el_wehby on Mon, 05/14/2018 - 2:42pm

Title Scalable Underapproximation for Stochastic Reach-Avoid Problem for High-Dimensional LTI Systems using Fourier Transforms
Publication Type Conference Paper
Year of Publication 2017
Authors [A. P. Vinod](#), [M. M. K. Oishi](#)
Conference Name IEEE Conference on Decision and Control
Date Published December
Keywords [1329878](#)
Notes to appear
Citation Key VO17a

[1329878](#)
