## CALL FOR PAPERS

## Symposium on Usable Privacy and Security (SOUPS 2018)

August 12-14, 2018 | Baltimore, MD, USA | Co-located with USENIX Security '18

The Fourteenth Symposium on Usable Privacy and Security (SOUPS 2018) will bring together an interdisciplinary group of researchers and practitioners in human computer interaction, security, and privacy. The program will feature technical papers, including replication papers, workshops, a design-a-thon, a poster session, and lightning talks. The following calls are currently open, and all submissions are due Friday, May 25, 2018.
