

Game theory based traffic modeling for calibration of automated driving algorithms

Submitted by el_wehby on Thu, 05/17/2018 - 7:51pm

Title	Game theory based traffic modeling for calibration of automated driving algorithms
Publication Type	Conference Paper
Year of Publication	2017
Authors	Li, Nan , Zhang, Mengxuan , Yildiz, Yildiray , Kolmanovsky, Ilya , Girard, Anouck R
Conference Name	Proceedings of Workshop on Development, Testing and Verification of ADAS and ADF
Keywords	1544844
Citation Key	li2017calibration
