Division of Computing and Communication Foundations

Directorate for Education & Human Resources
Research on Learning in Formal and Informal Settings

Directorate for Engineering

Division of Civil, Mechanical and Manufacturing Innovation
Division of Electrical, Communications and Cyber Systems

Directorate for Social, Behavioral & Economic Sciences
Division of Behavioral and Cognitive Sciences
Division of Social and Economic Sciences

Letter of Intent Due Date(s) (required) (due by 5 p.m. submitter's local time):
August 06, 2019
Required for Integrative Research Grant Proposals

**Full Proposal Deadline(s) (due by 5 p.m. submitter’s local time):**

September 06, 2019

**IMPORTANT INFORMATION AND REVISION NOTES**

The Smart and Connected Communities (S&CC) program solicitation has been revised for the FY 2019 competition, and prospective Principal Investigators (PIs) are encouraged to read the solicitation carefully. Among the changes are the following:

- The Budget for the S&CC Integrative Research Grants (SCC-IRG) category has been revised to include two tracks: Track 1 (budgets greater than $1,500,000, with no recommended budget limit and durations up to four years) and Track 2 (budgets not to exceed $1,500,000 and durations up to three years).
- S&CC Planning Grants (SCC-PG) has been added as an additional category. This category is similar in scope to the SCC-PG category in NSF 16-610 but with an increased budget (not to exceed $150,000) and additional required components in the Project Description. Planning Grant project duration is one year.
- The Project Description for SCC-IRG proposals now requires a section named "Scope and Scale".
- The Project Description now requires a subsection named "Research Questions" within the Integrative Research section for all categories.
- Proposal deadlines have been revised.

Any proposal submitted in response to this solicitation should be submitted in accordance with the revised NSF Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 19-1), which is effective for proposals submitted, or due, on or after January 28, 2019.
