2019 ACM Conference on Computer and Communications Security

The 26th ACM Conference on Computer and Communications Security will be held in London, United Kingdom from November 11 to November 15, 2019 at the Hilton Metropole. Information on how to participate is below:

Call for Papers

The ACM Conference on Computer and Communications Security (CCS) is the flagship annual conference of the Special Interest Group on Security, Audit and Control (SIGSAC) of the Association for Computing Machinery (ACM). The conference brings together information security researchers, practitioners, developers, and users from all over the world to explore cutting-edge ideas and results. It provides an environment to conduct intellectual discussions. From its inception, CCS has established itself as a high standard research conference in its area.

CCS will follow the ACM Policy Against Harassment at ACM Activities. Please familiarize yourself with the ACM Policy Against Harassment and guide to Reporting Unacceptable Behavior.
