

ACM-SAC 2020 - Converted to Digital

Submitted by Anonymous on Thu, 01/09/2020 - 4:30pm

[Mar 30, 2020 7:00 pm - Apr 03, 2020 6:00 pm EEST](#)

COVID-19 Update

As of March 17, 2020, SAC 2020 Organizing Committee sent out an email about providing the online presentation and downloading the proceedings

As of March 13, 2020, SAC 2020 has been converted from a face-to-face conference to the online format, where authors are required to submit their video presentation on the website. In addition, a copy of SAC 2020 proceedings will be ready for download soon. Details will be posted at <https://www.sigapp.org/sac/sac2020/> as soon as we setup the website for posting the proceedings and video presentations.

The 35th ACM/SIGAPP Symposium On Applied Computing (ACM-SAC 2020)

For the past thirty-four years, the ACM Symposium on Applied Computing (SAC) has been a primary gathering forum for applied computer scientists, computer engineers, software engineers, and application developers from around the world. SAC 2020 is sponsored by the ACM Special Interest Group on Applied Computing (SIGAPP).

Potential Tracks: Applications of Evolutionary Computing; Bioinformatics and Computational Biology; Business Process Management & Modeling; Cloud Computing; Code Analysis and Software Mining; Computer Security; Cyber-Physical Systems; Data Mining; Data Streams; Database and Big Data Management; Embedded Systems; Geographical Information Analytics; Information Access and Retrieval; Intelligent Robotics and MultiAgent Systems; Internet of Things; Knowledge and Language Professing; Knowledge Discovery; Knowledge Representation and Reasoning; Machine Learning; Mobile Computing and Applications; Computer Networking; Operating Systems; Privacy by Design in Practice; Programming Languages; Recommender Systems; Requirements Engineering; Semantic Web and Applications; Social Network and Media Analysis; Software Architecture; Software Engineering; Software Platforms; Software Verification and Testing; Software-intensive Systems of-Systems; Sustainability of Fog/Edge Computing; Video Processing for Human Behavioral Analysis; Wireless Communications and Networking; and Web Technologies.

Location: Brno, Czech Republic
