COVID-19 Update

"We plan to use a hybrid mode if the situation is good. Both on-site presentation and online presentation will be used."

"IEEE CSCloud 2020 focuses on these two aspects and aims to gather recent achievements in cyber security and cloud computing fields. The conference invites those papers that concentrate on new paradigms, algorithms, and applications in cyber security or cloud computing. We also encourage researchers and practitioners to build up the connections between academia and industry. We aim to collect the latest achievements and exchange research ideas in the domains of intelligent data and security at this academic event."
