Scope & Topics

The International Journal of Wireless & Mobile Networks (IJWMN) is a bi monthly open access peer-reviewed journal that publishes articles which contribute new results in all areas of Wireless & Mobile Networks. The journal focuses on all technical and practical aspects of Wireless & Mobile Networks . The goal of this journal is to bring together researchers and practitioners from academia and industry to focus on advanced wireless & mobile networking concepts and establishing new collaborations in these areas.

Authors are solicited to contribute to this journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in Wireless and Mobile Networks.

Topics of interest include, but are not limited to, the following

Architectures, protocols, and algorithms to cope with mobile & wireless Networks Distributed algorithms of mobile computing

OS and middleware support for mobile computing and networking Routing, and communication primitives in ad-hoc and sensor networks Synchronization and scheduling issues in mobile and ad hoc networks Resource management in mobile, wireless and ad-hoc networks

Data management on mobile and wireless computing Integration of wired and wireless networks Broadband access networks

Energy saving protocols for ad hoc and sensor networks Complexity analysis of algorithms for mobile environments Information access in wireless networks

Algorithms and modeling for tracking and locating mobile users Satellite communications

Cryptography, security and privacy of mobile & wireless networks Performance of mobile and wireless networks and systems

Mobile ad hoc and sensor networks Wireless multimedia systems

Service creation and management environments for mobile/wireless systems

Paper submission

Authors are invited to submit papers for this journal through [email ijwmn@airccse.org](mailto:ijwmn@airccse.org) . Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal.

Important Dates

- **Submission Deadline : August 22,2020**

- Notification : September 22,2020
- *Final Manuscript Due : September 30,2020*

Publication Date : August 2020.

Note: AIRCC's International Journal of Wireless & Mobile Networks (IJWMN) is dedicated to strengthen the field of Wireless and Mobile Networks and publishes only good quality papers. IJWMN is highly selective and maintains less than 15% acceptance rate. All accepted papers will be tested for plagiarism manually as well as by Docoloc . Papers published in IJWMN has received enormous citations and has been regarded as one of the best Journal in the networking research field.
