

2021 IEEE Kansas Power and Energy Conference (KPEC)

Submitted by grigby1 on Wed, 12/16/2020 - 1:20pm

[Apr 19, 2021 12:00 am - Apr 20, 2021 12:00 pm EDT](#)

"KPEC is a professionally driven international event in the Power and Energy conversion domain. KPEC will feature both industry-driven and application-oriented technical sessions, as well as expositions. The conference will consolidate the thoughts of young academic minds with the industrial leaders and experts for interactive and multidisciplinary discussions. These discussions will cover the latest trends and advances in the energy conversion technology."

Topics of discussion include cybersecurity.
