

# Safety & Architecture: Engineering Systems and Systems of Systems

Submitted by [Katie Dey](#) on Fri, 02/25/2011 - 10:26am. Contributors:  
[Neville Clark](#)[Graham Hellestrand](#)[Casey Alford](#)

The two foci of this submission are: i. Component-based engineering versus architecture driven engineering ii. Safety and Functional Safety is a Requirement

Neville Clark | Graham Hellestrand | Casey Alford
