

# Privacy Research and Data Responsibility Research Coordination Network (RCN)

fpf.org/rcn

## Challenge:

- How can industry and academia work together to advance the National Privacy Research Strategy?

## Solution:

The RCN fosters industry-academic collaboration and will incentivize and distribute privacy research

- Privacy Papers for Policymakers
- FPF-Capital Area Academic Network (FPF-CAN)
- Privacy Scholarship Reporter
- Cross-sector workshops and symposia

RCN Collaboration

*Industry Chief  
Privacy Officers*

*Academic  
Researchers*

## Scientific Impact:

Encourage multi-disciplinary research along a continuum of privacy challenges, e.g.

- Transparency of data collection and use
- De-Identification
- Privacy risks of analytical algorithms

## Broader Impact:

The RCN will inform the public debate on privacy, provide useful information to policy makers, and contribute to the development of systems and products to better protect personal information across industry sectors and institutions.
